Score: 3.61
Proficiency Level: Advanced (3.51 - 4.50)

The candidate has mastered the basic concepts of Microsoft Exchange Server 2007 Administration (Recipient Management, Client Access Servers Management) and intermediate Microsoft Exchange Server 2007 Administration concepts (Storage Administration, Public Folders, Unified Messaging). The candidate is likely proficient with more advanced Microsoft Exchange Server 2007 Administration concepts such as:

- Security
- Installation

At the Advanced level, the candidate will be capable of working on projects involving Microsoft Exchange Server 2007 Administration and will be capable of mentoring others on most projects in this area.

Percentile Comparisons
 The percentile score indicates how well the candidate scored relative to other candidates in the comparison population indicated by the score.
